VOLUME XVIII

THE CLEARFIELD PROGRESS, CLEARFIELD, PA., THURSDAY EVENING, MAY 15, 1924.

PRESIDENT COOLIDGE VETOES SOLDIER'S BONUS

OFFICIAL COUNT IN PENNSYLVANIA IS MADE PUBLIC

Harrisburg, Pa., May 15 (INS.)—Calvin Coolidge received 117,039 Republican votes and 1,425 Democratic in the recent preferential ballot, the official count at the State Bureau of elections today showed. The Coolidge lead over Gov. Pinchot, the next highest in number of votes cast, was 112,000.

There were no Democrats who voted for Gov. Pinchot.

Hiram Johnson, who received 4,334 votes, was third choice of the voters who wrote their names in the ballot and Senator Robert LaFollette fourth with 1,224.

There were 991 Republicans who thought Al Smith would make a good president and 586 who believed the same of Wm. C. McAdoo. Henry Ford received 631 Republican ballots. Wm. C. McAdoo was by far the most popular Democratic choice, receiving 11,441 votes, while Al Smith got 9,007. Henry Ford as choice of the Democrats, with 344 led Wm. J. Bryan with 246. Other Democratic votes were John W. Davis, 225, Oscar Underwood, 201, and James W. Cox, 127.

Harrisburg, May 15 (INS.)—Ralph Weaver Strassburger, Harrisburg newspaper publisher, defeated Governor Pinchot by 214,527 votes for delegate-at-large to the Republican National convention, according to official figures compiled by the State Bureau of elections. The official totals were Strassburger 518,453; Pinchot 294,036.

The official returns showed, however, that outside of Philadelphia and Pittsburgh, Gov. Pinchot carried the state over Strassburger by \$1,536 votes.

Republican State Chairman W. Harry Baker received the largest number of votes, 572,427 while Secretary of the treasury Andrew W. Mellon was second with 567,619. Senator George W. Pepper was third with 568,123 and David A. Reed, fourth, with 540,362.

Votes received by the other candidates were as follows:

Elizabeth P. Martin, 519,216.
Wm. S. Vane, 500,950.
Samuel J. Jones, 209,895.
John E. Philpot, 158,478.
John Mays led the list of Democratic candidates for delegate-at-large with 74,388 and Lewis Cassidy was second 61,372.
Votes received by the other six of the eight high candidates follow:
Mary Herbert, 64,962.
John McSparran, 63,247.
Charles Leachman, 64,924.
John Marrell, 64,429.
Anna M. Reesch, 64,186.
John J. (Butch) McDevitt, 52,764.

UNUSUAL HONOR TO BE CONFERRED ON H. CLARK THAYER

The Progress is pleased to announce that a most unusual honor is to be conferred on Professor H. Clark Thayer, head of the Susquehanna College of Music and Director of the American Legion Band, of Clearfield. Prof. Thayer was notified by letter yesterday that his presence is desired at Warren, Ohio, on June 8th, at which time there will be conferred on him the degree of Master in the Art of Music. The conferring of this degree will be the Dana Musical Institute of Warren, Ohio, which our own Clark attended away back in the 'eighties. The letter states: "This is to inform you that Alma Mater desires to honor you for the things you have accomplished in the field of music in past years."

Only three times since 1881 has this Institute seen fit to confer this honor and we know that every Clearfielder will join with us in rejoicing that our premier musician is to be so honored.

BONUS VETO IS JUST ABOUT DONE

Washington, May 15 (INS.)—President Coolidge is "well along" with his message to Congress vetoing the soldiers' bonus bill, it was said at the White House today, and, if it is completed in time it may go to Congress late today. If not, it will go up tomorrow, the last day on which the President may act to prevent the bill becoming a law without his signature.

HARDING FINANCED A PERSONAL INQUIRY ON ENFORCEMENT

Washington, May 15 (INS.)—A new light was thrown on the methods and policies of the late President Warren G. Harding today when H. L. Scaife, a former Department of Justice agent, testified before the Wheeler-Brookhart committee that Mr. Harding personally financed a private investigation of liquor violations in 1922 in order to obtain means of compelling stricter enforcement.

The investigation was ordered by Harding, Scaife said, "when the Treasury Department and the Department of Justice apparently were unable to enforce the law."

Several hundred indictments were secured as a result of Mr. Harding's investigation," Scaife said. Scaife's testimony in some particulars linked up with that of Gaston B. Means, an ex-agent, who startled the Daugherty investigating committee recently by asserting that he had been hired by the late President to conduct a "private investigation" and that he had "caught Secretary Mellon."

Means was never questioned as to how or in what manner he "caught" Secretary Mellon; the committee allowed this statement to stand on its own weight.

Scaife said he was employed in the President's crusade by Means.

"I got \$5,000 for this work from Means between Sept. 1922 and Jan. 1923," said Scaife.

"He told me the money came from the President of the United States," (Harding.)

"I was to get \$1,000 a month but after a couple of months Means stopped paying me. He said somebody had double crossed the President."

Scaife testified and Means got the evidence which resulted in the indictment of the La Montagne Brothers in New York.

"About 300 indictments resulted from that crusade," Scaife added. "Most of the indictments were obtained because of the wide publicity we gave to the cases. We forced the Department of Justice to act."

"In March 1923 President Harding read a message to Congress in which he said prohibition enforcement had failed. He said the morale fibre of the people was breaking down. It was our purpose to prove that situation to the people."

Washington, May 14.—The Senate oil committee today tentatively closed its hearings on the naval oil leases, which have contributed many colorful chapters to American legislative history since they began last October.

Adjournment was taken subject to call of the chair. Senator Walsh of Montana, committee prosecutor, said he had no more witnesses to call, and would not call another hearing unless the court should compel Harry F. Sinclair to return and answer the questions to which he had heretofore refused to reply.

Senator Spencer, Republican, Missouri, indicated there was a possibility he might ask later that one or two pieces of additional testimony be added to the record.

Mrs. Alice McLaughlin is very ill at the home of her son, James McLaughlin on Park street.

UNDERWOOD STATES HIS POSITION ON THE KU KLUX KLAN ISSUE

Washington, May 15 (INS.)—The Ku Klux Klan promises to become an acute political issue at the Democratic convention in New York.

The supporters of Senator Oscar W. Underwood, Gov. Al Smith and Senator Samuel M. Ralston, three of the leading candidates, have made common cause the insertion of an anti-klan plank in the platform, pressing a fight which may conceivably have an important and spectacular bearing on the nomination.

Confirming his intention of fighting for an anti-klan plank Senator Underwood, in the following article, explains his views on the Klan:

By SEN. OSCAR W. UNDERWOOD
Written for I. N. S.
(Copyright, 1924, International News Service.)

I have always shaped my course politically in accordance with the fundamental principles of the Democratic party and believe in the faith that was enunciated in the beginning by Jefferson and his followers.

The Klan is a secret organization functioning in politics. In my judgment, no government can exist and be free that does its business behind closed doors. We can only have honest, pure and just government when it is conducted in the open. The Democratic party has fought against control by class and clan since the beginning and clearly enunciated its principle in its fight against the "know nothing" party in 1856, when it said:

"That the foundation of this union of states having been laid in, and its prosperity, expansion and preminent example in free government built upon entire freedom in matters of religious concernment and no respect of person in regard to rank or place of birth, no party can justly be deemed national, constitutional or in accordance with American principles which bases its exclusive organization upon religious opinions and accidental birth places. And hence a political crusade in the nineteenth century, and in the United States of America, against Catholic and foreign born, is neither justified by the history or the future prospects of the country, nor in unison with the spirit of toleration and enlarged freedom which peculiarly distinguishes the American system of popular government."

"That statement has always truly expressed the faith of those who believe in the fundamental principles of the Democratic party. It is just as true today as it was when it was first announced more than sixty years ago."

ATTENDED MEDICAL MEETING
Drs. W. S. Piper, Ward O. Wilson and J. M. Quigley attended the Centre County Medical meeting at the Centre Hills Country Club at State College yesterday.

The scientific program consisted of a discussion of the subject "Vitamins" by Dr. Adams R. Dutcher, professor of chemical agriculture at the Pennsylvania State College, and an address by President John M. Thomas of Penn State.

Mrs. Fannie Hurley of Morrisdale, R. F. D., has been visiting her son in this community and her sister, Mrs. M. T. Bowman, Mrs. Hopley, who will be remembered as Fannie Hurley, a daughter of the late Robert Stewart, is in excellent health and enjoying her visit immensely.

Washington, May 15 (INS.)—The Government will push its criminal case in Montana against Senator Burton K. Wheeler despite his exoneration by the Borah committee, Attorney General Stone announced today.

WHEELER IS NOT
WHOLLY CLEARED
Washington, May 15 (INS.)—The Government will push its criminal case in Montana against Senator Burton K. Wheeler despite his exoneration by the Borah committee, Attorney General Stone announced today.

Washington, May 15 (INS.)—A slight decrease in crime for the first quarter of the present year is revealed in a report made today by the State police. Arrests made by the state police during January, February and March totalled 2,622 as compared with the 2,970 during the first quarter of 1923.

Property recovered was valued at \$22,225.77, a decrease of more than \$50,000 over the first three months of 1923.

Murders, according to the report, totalled 18, a boost of ten over 1923; auto law arrests 126; liquor laws 1,144, and miscellaneous 1,334.

Rev. C. E. Boone, Evangelist, will be at the Glen Ridge Baptist church May 18 to begin a campaign.

Washington, May 15 (INS.)—President Coolidge today vetoed the soldiers' bonus-insurance bill.

His disapproval of the measure, which passed both houses of Congress nine days ago by overwhelming majorities, was predicted upon the broad ground of public economy and the necessity of keeping down governmental expenditures, and in this respect he followed in the footsteps of his predecessor, President Harding, who vetoed a similar bill a year ago.

Announcement that the President had vetoed the bonus bill was made at the White House at 2:30 o'clock this afternoon, and it was stated that a veto message would be transmitted to Congress within an hour. Clerks were working feverishly at that hour to draft the message out.

The disapproval of the President had been expected and caused little surprise in either House, where preparations already have been made for an early attempt to pass it over his veto.

Both Republican and Democratic leaders predicted this afternoon that this would speedily be done, probably before the end of the week.

BURGLAR'S ATTEMPT TO RECOVER \$10 HE DROPPED IS FATAL

Cleveland, O., May 15 (INS.)—A ten dollar bill, slipping from the hand of Vincet Smolders, of Pittsburgh, after he had held up John Dare, owner of a grocery store here, was directly responsible for the fact that he was dead today.

Dare, alone in his store last night had kept his hands elevated as Smolders cleaned out the cash register.

Backing towards the door, his gun covering the grocer, the robber saw one of the bills drop from his fingers. Momentarily relaxing his watchfulness, he stopped to recover his loot.

Dare grabbed a gun and opened fire. The bandit started to return the fire, then dashed for the door.

Dare's fourth shot hit Smolders as he stood in the doorway.

Then the last shot in the revolver was fired. The robber fell, dragged himself to the alley and died.

Police searched his body. His left hand was tightly clenched around a roll of \$104 taken in the robbery. The fatal \$10 bill was still lying in the dust of the grocery floor. Dare had been too excited himself to pick it up.

Slight Decrease Is Shown In Crime By Reports Of State Police Department

Harrisburg, May 15 (INS.)—A slight decrease in crime for the first quarter of the present year is revealed in a report made today by the State police. Arrests made by the state police during January, February and March totalled 2,622 as compared with the 2,970 during the first quarter of 1923.

Property recovered was valued at \$22,225.77, a decrease of more than \$50,000 over the first three months of 1923.

Murders, according to the report, totalled 18, a boost of ten over 1923; auto law arrests 126; liquor laws 1,144, and miscellaneous 1,334.

Rev. C. E. Boone, Evangelist, will be at the Glen Ridge Baptist church May 18 to begin a campaign.

GAME BOARD SEEKS TO ESTABLISH 200 MORE GAME REFUGES

Following a Meeting of
the Board Statement of
Its Purposes and Aims
Is Given To Public.

HAD BIG PROGRAM

Harrisburg, May 15.—A two year program designed to increase the hunting grounds in Pennsylvania and afford a greater measure of protection to the wild game in the state was adopted yesterday by the Board of Game Commissioners.

Passage of a bond issue for the purchase of wild lands, creation of at least 200 game refuges, protection of the wild animals by elimination of game destroyers and the establishment of game refuges for migratory waterfowl are a few of the salient points of the two year program that was adopted as the fixed policy of the game commission.

The commissioners announced that they would seek the aid of the sports men and wild life associations in an effort to insure the passage of the bond issue for the game refuges. The commissioners stated that the program adopted is the first of its kind ever settled upon by a game commission and they added that it was by far the most comprehensive ever undertaken by a state game commission.

The announcement of the commission's action was contained in a formal statement issued at the close of the commission's meeting by Seth E. Gordon, executive secretary of the commission. That statement reads:

"Due to an enormous increase in the number of Pennsylvanians who enjoy hunting as an outdoor recreation, the reduction of desirable game territory through the inroads of civilization, and a rapid elimination of sources from which game for stocking purposes can be obtained, the Board of Game Commissioners is determined to give native Pennsylvania game and other desirable wild life still better protection, also aid in furnishing more public hunting territory. To this end the Board has adopted the following program for the next two years:

"1. Secure cooperation of sports men in passing bond issue for purchase of wild lands for forest and recreational purposes, and more extensive game and wild bird food and cover planting campaigns.

"2. Creation of at least 200 Auxiliary State Game Refuges with public hunting grounds around them to supplement present refuge system. (Now have nine Auxiliary Refuges).

"3. Further extension of regular game refuge system including migratory waterfowl refuges, surrounded by public hunting grounds. (Now have 32 regular game refuges).

"4. Much more extensive but safely conducted vermin control campaigns exclusively under the direction of the Board, including employment of additional trapping instructors and such other agencies as may be necessary to reduce game destroyers.

"5. More extensive winter feeding of game and wild birds.

"6. Aid landowners and sportsmen to break up unsportsmanlike practices and bring about better understanding and cooperation.

"7. Aid in overcoming depredations from game by transfer from sections where destroying crops.

"8. A comprehensive lecture program throughout the State on the value of all wild life, including song and insectivorous birds.

"9. A more extensive general educational campaign concerning activities of the Board, especially carried by reports to interested organizations and the general public."

Springfield, Mass., May 15 (INS.)—Plans for the consolidation of several weekly publications of the Methodist Church under one head received favorable consideration by delegates at the general conference.

Approval has been given by the book committee for a readjustment by which various Christian Advocates now published to cover different sections of the country will all be known as the Christian Advocate, with 22 pages uniform throughout and the other pages varying to meet the requirements of different sections of the country. Economies are figured from the consolidation.

The standing committee on state of the church, to which the case of Harry F. Ward, of Chicago, was referred on a memorial presented by the Michigan conference charging him with using publications attacking the Methodist Church was unable to find ground for action. The committee's investigation showed that Ward issued his pamphlets as an official of the Civil Liberties Union, which is in no way related with the church.

Widows of Methodist clergymen will lose their annuity claims if they cease to be members of the Methodist Church or if they marry a layman subsequent to the first widowhood, if the report of the standing committee on itineracy is adopted. The report was submitted by Dr. Horace L. Jacobs, of Clearfield, Pa., chairman of the committee.

GRANDSTAND WITH SEATING CAPACITY OF 3,000 PLANNED

Will Be Financed On a
Sound Business Basis;
Citizens Should Help
Get Improvement.

JUDGE HECK SPEAKS

Measures Charles Kuris and Ed Leisinger had the plans for the proposed new steel and concrete grandstand for the Clearfield Driving Park on view for the first time at the Rotary Club last evening. They explained the mind for financing the building of the stand, asking for the support of all Rotarians for this worthy and necessary project. The proposed stand is just what the park needs as it will provide seating capacity for 3,000 people, with all conveniences and comforts at hand. The community will be asked to help finance the building of the stand at a guaranteed 8 per cent investment and there should be no question of its being built in time for this fall's big fair.

Judge Heck of Potters county, who is assisting Judge Chase again this week, was the club guest and speaker of the evening. Judge Heck, who is a great lover of the outdoors and one of the best posted residents of Pennsylvania's northern tier counties on forestry, game and fish problems, elected to speak on "Reforestation for Pennsylvania." He gave a highly interesting and instructive talk on the subject, urging support for the proposed constitutional amendment for the bonding of the state for \$25,000,000 with which to purchase waste or cut-over wild lands, of which there are nearly 6,000,000 acres in Pennsylvania, and of which the state now owns one-sixth. Judge Heck's remarks made a lasting impression upon his hearers and his request that this matter of reforestation be taken up by this club and made a State Rotary Club movement was accepted and referred to the civic affairs committee for immediate action.

LANSBERRY—GREEN
Married at the Clearfield Methodist Episcopal parsonage, by the Rev. J. Ellis Bell, on Wednesday afternoon May 14, Raymond Lansberry and Lois Green, both of Mineral Springs. The young couple were accompanied by the mother of the groom. They have the best wishes of their many friends.

Robert Sutton, who was called here to attend the funeral of his brother, the late James Sutton, Sr., has returned to his home at East Brady, Pa.

and Eugene A. Barrett, Philadelphia. A fleet of automobiles carried 600 visitors to Clarion this afternoon, where they were guests of the Clarion Construction Company, and witnessed the progress of the biggest water-power development project in Pennsylvania. Other visitors were entertained during the afternoon and evening by productions of "The Upper Room," presented by the students of St. Bonaventure College.

The convention closed tonight with a grand ball and reception at the Elks auditorium.

SCHOOL FIELD DAY POSTPONED

On account of unfavorable weather conditions the Public Schools' Field Day will not take place this Friday, but will undoubtedly be given on next Tuesday, May 20th.

K. OF C. CONVENTION TO GETTYSBURG FOR ITS NEXT MEETING

DuBois, Pa., May 14.—The state convention of the Knights of Colonibus of Pennsylvania adjourned here tonight with the adoption of resolutions bearing upon organization affairs.

The 1924 convention was awarded to Gettysburg in response to an appeal for the battlefield city by Michael McMerney, of Philadelphia. It will be held in connection with the opening of the memorial chapel now being constructed on the battlefield in memory of sisters who served in the civil war. Gettysburg was selected by acclamation after Hanover had withdrawn its bid.

The following officers were elected: Past deputy, Patrick A. Kennedy, Harrisburg; secretary, J. L. Luther, Ebensburg; treasurer, Thomas F. McKenna, Olyphant; warden, J. A. Smith, Pittston; advocate, B. J. McKenna, Pittsburgh; Chaplin Right Rev. R. P. McDevitt, bishop of Harrisburg.

McKenna, honored.

McKenna is the only new officer, succeeding D. J. Skelly of Oil City.

Keen interest centered in the competition for the eight delegateships to the national convention at New York next August, which resulted in the election of Cornelius Allen, DuBois; Edward A. Byron, Greensburg; Frank J. Foy, Olyphant; M. C. Linnam, Kittanning; E. M. McClintock, Rochester; Dr. Joseph P. Garvey, Philadelphia; W. D. Spillan, Philadelphia, and T. J. Fitzgerald, Villa Nova.

Papers were presented to the convention by Peter J. McArdle, Pittsburgh; Edward H. Kelly, Clearfield.

On account of unfavorable weather conditions the Public Schools' Field Day will not take place this Friday, but will undoubtedly be given on next Tuesday, May 20th.

WE CATER TO THE TASTES

of all. There is no restaurant that we know of which gives our class of service and charges so moderately for it. And yet we want to emphasize quality rather than low prices. Test our good cookery.

Baseball Players

Limbering Up Now
With Joint-Ease

After the game or practice Joint-Ease takes the kinks, lameness and soreness out of your throwing arm so quickly that you will want to start all over again in a few hours. It's great stuff—speedy and sure, and many stars are wise to it.

Just two minutes' rubbing and this great, stannous Joint-Ease soaks right in through skin and flesh right to the ligaments and

tendons and bones—exactly where the soreness is. 60c a tube. Ask Stewart or any live druggist for a tube of Joint-Ease and keep limbered up as thousands of other ball players do. Always remember when Joint-Ease gets in joint agony gets out—Quick.

Beauty for Girls

Youth for women—Let me show you how
BY EDNA WALLACE HOPPER

For 40 years I have been a famous cream and vanishing cream in existence. Now, at a grandmother's age, I am the most talked-about woman in America as an example of potential youth.

The reason is this: My mother and I, many years ago, searched the world to find the best beauty helps in existence. They multiplied my beauty, and I became the rage. They have kept my beauty to a grand old age.

I am convinced that these helps can bring like results to millions. And I have decided to enable all to have them.

Easy, simple ways I do about what you do. But the difference is that I employ the best helps science knows. You use soap, perhaps. Any woman who omits it does herself injustice. But you use crude and muddy clays which I quit years ago. I use a modern clay, white, refined and dainty. A clay perfected by 20 years of scientific study.

Mine I call my White Youth Clay. It is fully ten times as efficient as ordinary clays. The new complexion that it brings amazes and delights. Many women in 30 minutes seem to drop ten years.

Clay brings lousy, clear complexions. It takes out the causes of blackheads and blemishes. It firms the skin, combats all lines and wrinkles. The women who employ it stand out in every crowd.

But my White Youth Clay is a super-clay—the last word in facial clays. It brings multiplied results. The cost is 50 cents and \$1.

The supreme creams You use creams, no doubt. I spent a fortune to secure the best cold

cream. My hair is my great glory. It is thick and lustrous and grows finer every year. Never have I known a falling hair, dandruff or gray hair. This is due to my Hair Youth, which France perfected for me. I apply it with an eye dropper, directly to the scalp. It keeps the scalp clean and the hair roots stimulated. I have brought beautiful hair to countless friends by giving them this method. It costs 50 cents and \$1.

All dermatists and toilet counters supply the beauty helps I use. Go try them. Each will bring you rich rewards. I can give you a list to enable you to get them. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago.

"OATS-CORN-FLOUR-FEEDS"

Recleaned White Oats in 80-pound bags, weight 37 pounds to measured bushel \$1.85 a bag
UNICORN DAIRY RATION. Is truly a Record Breaking Milk Maker. This feed will produce more milk for less money. UNICORN IS A PURE CLEAN FEED DAIRY RATION, 24% PROTEIN (No filler used). Order a ton of UNICORN; buy another milk can, for you will need it before your ton is fed.

PRESIDENT COOLIDGE VETOES SOLDIER'S BONUS

OFFICIAL COUNT IN PENNSYLVANIA IS MADE PUBLIC

Harrisburg, Pa., May 15 (INS).—Calvin Coolidge received 117,099 Republican votes and 1,425 Democratic in the recent preferential ballot, the official count at the State Bureau of elections today showed. The Coolidge lead over Gov. Pinchot, the next highest in number of votes cast, was 112,777.

There were no Democrats who voted for Gov. Pinchot.

Hiram Johnson, who received 4,334 votes, was third choice of the voters who wrote their names in the ballot and Senator Robert LaFollette fourth with 1,224.

There were 801 Republicans who thought Al Smith would make a good president and 560 who believed the same of Wm. G. McAdoe. Henry Ford received 651 Republican ballots. Wm. G. McAdoe was by far the most popular Democratic choice, receiving 11,341 votes, while Al Smith got 2,867. Henry Ford as choice of the Democrats, with 344 led Wm. J. Bryan with 285. Other Democratic votes were John W. Davis, 225, Oscar Underwood, 201, and James W. Cox, 122.

BONUS VETO IS JUST ABOUT DONE

Washington, May 15. (INS).—President Coolidge is "well along" with his message to Congress vetoing the soldiers' bonus bill, it was said at the White House today, and if it is completed in time it may go to Congress late today. If not, it will go up tomorrow, the last day on which the President may act to prevent the bill becoming a law without his signature.

UNDERWOOD STATES HIS POSITION ON THE KU KLUX KLAN ISSUE

Washington, May 15 (INS).—The Ku Klux Klan promises to become an acute political issue at the Democratic convention in New York.

The supporters of Senator Oscar W. Underwood, Gov. Al Smith and Senator Samuel M. Ralston, three of the leading candidates, have made common cause, the insertion of an anti-klan plank in the platform, presenting a fight which may conceivably have an important and spectacular bearing on the nomination.

Confirming his intention of fighting for an anti-klan plank Senator Underwood, in the following article, explains his views on the Klan:

By SEN. OSCAR W. UNDERWOOD
Written for I. N. S.
(Copyright, 1924, International News Service.)

I have always shaped my course politically in accordance with the fundamental principles of the Democratic party and believe in the faith that was enunciated in the beginning by Jefferson and his followers.

The Klan is a secret organization functioning in politics. In my judgment, no government can exist and be free that does its business behind closed doors. We can only have honest, pure and just government when it is conducted in the open. The Democratic party has fought against control by class and clan since the beginning and clearly enunciated its principles in its fight against the "know nothing" party in 1856, when it said:

"That the foundation of this union of states having been laid in, and its prosperity, expansion and preminent example in free government built upon entire freedom in matters of religious concernment and no respect of person in regard to rank or place of birth, no party can justly be deemed national, constitutional or in accordance with American principles which has its exclusive organization upon religious opinions and accidental birth place. And hence a political crusade in the nineteenth century, and in the United States of America, against Catholic and foreign born, is neither justified by the history or the future prospects of the country, nor in union with the spirit of toleration and enlarged freedom which peculiarly distinguishes the American system of popular government."

That statement has always truly expressed the faith of those who believe in the fundamental principles of the Democratic party. It is just as true today as it was when it was first announced more than sixty years ago.

GAME BOARD SEEKS TO ESTABLISH 200 MORE GAME REFUGES

Washington, May 15. (INS).—President Coolidge today vetoed the soldiers' bonus-insurance bill.

His disapproval of the measure, which passed both houses of Congress nine days ago by overwhelming majorities, was predicted upon the broad ground of public economy and the necessity of keeping down governmental expenditures, and in this respect he followed in the footsteps of his predecessor, President Harding, who vetoed a similar bill a year ago.

Announcement that the President had vetoed the bonus bill was made at the White House at 2:30 o'clock this afternoon, and it was stated that a veto message would be transmitted to Congress within an hour. Clerks were working feverishly at that hour to get the message out.

The disapproval of the President had been expected and caused little surprise in either House, where preparations already have been made for an early attempt to pass it over his veto.

Both Republican and Democratic leaders predicted this afternoon that this would speedily be done, probably before the end of the week.

GAME BOARD SEEKS TO ESTABLISH 200 MORE GAME REFUGES

Harrisburg, May 15.—A two year program designed to increase the hunting grounds in Pennsylvania and afford a greater measure of protection to the wild game in the state was adopted yesterday by the Board of Game Commissioners.

Passage of a bond issue for the purchase of wild lands, creation of at least 200 game refuges, protection of the wild animals by elimination of game destroyers and the establishment of game refuges for migratory waterfowl are a few of the salient points of the two year program that was adopted as the fixed policy of the game commission.

The commissioners announced that they would seek the aid of the sports men and wild life associations in an effort to insure the passage of the bond issue for the game refuges. The commissioners stated that the program adopted is the first of its kind ever settled upon by a game commission and they added that it was by far the most comprehensive ever undertaken by a state game commission.

METHODISTS PLAN CONSOLIDATION OF ALL PUBLICATIONS

Springfield, Mass., May 15. (INS).—Plans for the consolidation of several weekly publications of the Methodist Church under one head received favorable consideration by delegates at the general conference.

Approval has been given by the book committee for a readjustment by which various Christian Advantages now published to cover different sections of the country will all be known as the Christian Advocate, with 22 pages uniform throughout and the other pages varying to meet the requirements of different sections of the country. Economies are figured from the consolidation.

The standing committee on state of the church, to which the case of Harry F. Ward, of Chicago, was referred on a memorial presented by the Michigan conference charging him with issuing publications attacking the Methodist Church was unable to find ground for action. The committee's investigation showed that Ward issued his pamphlets as an official of the Civil Liberties Union, which is in no way related with the church.

Widows of Methodist clergymen will lose their annuity claims if they cease to be members of the Methodist Church or if they marry a layman subsequent to the first widowhood. If the report of the standing committee on itinerancy is adopted, the report was submitted by Dr. Horace L. Jacobs, of Clearfield, Pa., chairman of the committee.

GRANDSTAND WITH SEATING CAPACITY OF 3,000 PLANNED

Will Be Financed On a Sound Business Basis; Citizens Should Help Get Improvement.

JUDGE HECK SPEAKS

News. Charley Korta and Ed Lottlinger had the plans for the proposed new steel and concrete grandstand for the Clearfield Driving Park on view for the first time at the Rotary Club last evening. They explained the plan for financing the building of the stand, asking for the support of all Rotarians for this worthy and necessary project. The proposed stand is just what the park needs as it will provide seating capacity for 3,000 people, with all conveniences and comforts at hand. The community will be asked to help finance the building of the stand at a guaranteed 6 per cent investment and there should be no question of its being built in time for this fall's big fair.

Judge Heck of Potter county, who is assisting Judge Chase again this week, was the club guest and speaker of the evening. Judge Heck, who is a great lover of the outdoors and one of the best posted sportsmen of Pennsylvania's northern tier counties on forestry, game and fish problems, elected to speak on "Reforestation for Pennsylvania." He gave a highly interesting and instructive talk on the subject, urging support for the proposed constitutional amendment for the bonding of the state for \$25,000,000 with which to purchase waste or cut-over wild lands, of which there are nearly 6,000,000 acres in Pennsylvania, and of which the state now owns one-sixth. Judge Heck's remarks made a lasting impression upon his hearers and his request that this matter of reforestation be taken up by this club and made a State Rotary Club movement was accepted and referred to the civic affairs committee for immediate action.

UNUSUAL HONOR TO BE CONFERRED ON H. CLARK THAYER

The Progress is pleased to announce that a most unusual honor is to be conferred on Professor H. Clark Thayer, head of the Songhanna College of Music and Director of the American Legion Band, of Clearfield.

Prof. Thayer was notified by letter yesterday that his presence is desired at Warren, Ohio, on June 8th, at which time there will be conferred on him the degree of Master in the Art of Music. The conferring of this degree will be the Dana Musical Institute of Warren, Ohio, which our own Clark attempted away back in the 'eighties. The letter states: "This is to inform you that Alma Mater desires to honor you for the things you have accomplished in the field of music in past years."

Only three times since 1881 has this Institute ever attempted to confer this honor and we know that every Clearfielder will join with us in rejoicing that our premier musician is to be so honored.

SENATE OIL QUIZ COMES TO A TEMPORARY CLOSE; MAY BE END OF HEARINGS

Washington, May 14.—The Senate oil committee today tentatively closed its hearings on the naval oil leases, which have contributed many colorful chapters to American legislative history, since they began last October.

Adjournment was taken subject to call of the chair. Senator Walsh of Montana, committee proponent, said he had no more witnesses to call, and would not call another hearing unless the court should compel Harry F. Sinclair to return and answer the questions to which he had heretofore refused to reply.

Senator Spencer, Republican, Missouri, indicated there was a possibility he might ask later that one or two pieces of additional testimony be added to the record.

Mrs. Alice McLaughlin is very ill at the home of her son, James McLaughlin on Park street.

ATTENDED MEDICAL MEETING

Drs. W. S. Piper, Ward O. Wilson and J. M. Quigley attended the Centre County Medical meeting at the Centre Hills County Club at State College yesterday.

The scientific program consisted of a discussion of the subject "Vitamins" by Dr. Adams R. Dutcher, professor of chemical agriculture at the Pennsylvania State College; and an address by President John M. Thomas of Penn State.

Mrs. Fannie Hurley of Morrisdale, Pa., has been visiting her son in this community and her sister, Mrs. M. T. Bowman, Mrs. Hurley, who will be remembered as Fannie Hurley, a daughter of the late Robert Stewart, is in excellent health and enjoying her visit immensely.

WHEELER IS NOT WHOLLY CLEARED

Washington, May 15. (INS).—The Government will push its criminal case in Montana against Senator Burton K. Wheeler despite his exoneration by the Borah committee. Attorney General Stone announced today.

BURGLAR'S ATTEMPT TO RECOVER \$10 HE DROPPED IS FATAL

Cleveland, O., May 15 (INS).—A ten dollar bill, slipping from the hand of Vincent Smodgers, of Pittsburgh, after he had held up John Dare, owner of a grocery store here, was directly responsible for the fact that he was dead today.

Dare, alone in his store last night had kept his hands elevated as Smodgers cleaned out the cash register.

Backing towards the door, the saw one of the bills drop from his fingers. Momentarily relaxing his watchfulness, he stopped to recover his look.

Dare grabbed a gun and opened fire. The hand started to return the fire, then dashed for the door.

Dare's fourth shot hit Smodgers as he stood in the doorway.

Then the last shot in the revolver was fired. The robber fell, dragged himself to the alley and died.

Police searched his body. His left hand was tightly clutched around a roll of \$104 taken in the robbery. The fatal \$10 bill was still lying in the dust of the grocery floor. Dare had been too excited himself to pick it up.

K. OF C. CONVENTION TO GETTYSBURG FOR ITS NEXT MEETING

DuBois, Pa., May 14.—The state convention of the Knights of Columbus of Pennsylvania adjourned sine die here tonight with the adoption of resolutions bearing upon organization affairs.

The 1924 convention was awarded to Gettysburg in response to an appeal for the battlefield city by Michael McMerney, of Philadelphia. It will be held in connection with the opening of the memorial chapel now being constructed on the battlefield in memory of sisters who served in the civil war. Gettysburg was selected by acclamation after Hanover had withdrawn its bid.

The following officers were elected: Past deputy, Patrick A. Kennedy, Harrisburg; secretary, J. L. Luther, Ebensburg; treasurer, Thomas F. McEhale, Olyphant; warden, J. A. Smith, Elkhart; advocate, B. J. McKenna, Pittsburgh; Chaplain, Right Rev. R. F. McDermott, bishop of Harrisburg.

McKenna, honored.

McKenna is the only new officer, succeeding D. J. Skelly of Oil City.

Keen interest centered in the competition for the eight delegations to the national convention at New York next August, which resulted in the election of Cornelius Allen, DuBois; Edward A. Byren, Greensburg; Frank J. Foy, Olyphant; M. C. Linsen, Kittanning; E. M. McClintock, Rochester; Dr. Joseph P. Carver, Philadelphia; W. D. Spillan, Philadelphia, and T. J. Fitzgerald, Villa Nova.

Papers were presented to the convention by Peter J. McArdle, Pittsburgh; Edward H. Kelly, Clearfield.

LANSBERRY—GREEN

Married at the Clearfield Methodist Episcopal parsonage, by the Rev. J. Ellis Bell, on Wednesday afternoon May 14, Raymond Lansberry and Lois Green, both of Mineral Springs. The young couple were accompanied by the mother of the groom. They have the best wishes of their many friends.

Robert Sutton, who was called here to attend the funeral of his brother, the late James Sutton, Sr., has returned to his home at East Brady, Pa.

and Eugene A. Barrett, Philadelphia. A fleet of automobiles carried 400 visitors to Clarion this afternoon, where they were guests of the Clarion Construction Company, and witnessed the progress of the biggest water power development project in Pennsylvania. Other visitors were entertained during the afternoon and evening by productions of "The Upper Room," adapted from the Passion Play, presented by the students of St. Bonaventure College.

The convention closed tonight with a grand ball and reception at the Hotel Auditorium.

SCHOOL FIELD DAY POSTPONED

On account of unfavorable weather conditions the Public Schools' Field Day will not take place this Friday, but will undoubtedly be given on next Tuesday, May 20th.

SLIGHT DECREASE IS SHOWN IN CRIME BY REPORTS OF STATE POLICE DEPARTMENT

Harrisburg, May 15 (INS).—A slight decrease in crime for the first quarter of the present year is revealed in a report made today by the State police. Arrests made by the state police during January, February and March totalled 2,622 as compared with the 2,970 during the first quarter of 1923.

Property recovered was valued at \$22,225.77, a decrease of ten over 1923.

Murders, according to the report, totalled 18, a boost of ten over 1923. Auto law arrests 126; liquor laws 1, be at the Glen Ridge Baptist church May 16 to begin a campaign.

INVESTIGATORS OF VETERANS' CLAIMS

Harrisburg, May 14 (INS.)—Dr. S. A. Balts, of Uniontown, was chosen chairman of the commission to investigate the condition of disabled war veterans in Pennsylvania when the commission met here today to take action to obtain relief and full benefits and advantages in compensation or training for the disabled veterans.

Others on the commission are Emery Rockwell, Wallingford; Edward W. Warren, Scranton; Benjamin G. Metz, Pittsburgh; Lieut. Col. Robert Morris Philadelphia.

A general invitation to all veterans organizations and welfare societies which concern themselves with the disabled veterans, to co-operate with the commission, was sent out.

Decision was made to establish commission headquarters in Pittsburgh, the home city of Benjamin G. Metz, who was chosen secretary.

Meetings of the entire commission probably will be held monthly when questions of general policy affecting the disabled veterans of the state will be taken up and investigated.

A Good Fight.
A good fight is never for its day alone. It is for many days. And it is not alone for him who bears its utmost stress. No man can live his own life heavily and not be an energy of social good, virtue proceeding forth from him to heal some brother's wounded heart. There is a riddle here for us to guess.—John White Chadwick.

Farm Bloc Directs An Ever Growing Filibuster Against Army Outlays

By WILLIAM K. HUTCHINSON
I. N. S. Staff Correspondent

Washington, May 14.—Going into action after a long period of quiet, the Senate farm bloc today directed an ever growing filibuster against the army appropriation bill in an effort to enact legislation reducing freight rates upon certain agricultural products.

The bloc sought to attach the Gooding bill, prohibiting higher freight rates on a short haul than on a long haul over the same route, as a "rider" to the army appropriation bill. The movement, looked upon at first by administration leaders as a joke, became menacing when the agriculturalists threatened to tie up the army bill indefinitely unless legislation was enacted slashing freight rates.

The Gooding bill would benefit farmers, its advocates said, by compelling railroads to slash their freight rates on hauls from farms to nearby marketing centers. Under existing conditions, is charged, the carriers exact higher rates for these short hauls than they do to carry the same products to points, many times the distance.

GISH PERFORMANCE MEASURED UP TO ALL EXPECTATIONS

Manager Hartman's offering at the Driggs Theatre yesterday, Lillian Gish in "The White Sister" was and is one of the best photodramas shown to Clearfield followers of the silent drama this season.

Lillian Gish appeared at her best and the supporting cast was well chosen to portray the characters of the Crawford novel. The scenic effects were excellent, especially the flood scene which was enacted true to life. "The White Sister" is being shown again tonight.

Lillian Gish does not act, but rather lives the title part in "The White Sister," now playing at the Driggs Theatre. Cast by nature to give an illusion of belonging, more to an other world than this one, she puts a spiritual quality, an emotion and a tensely into the part which rises to breath-taking moments or artistry.

No one has kept alive a finer flame than Lillian Gish, a flame that has

Arrest Made Today—Expected To Clear Up Lawson-King Murders

New York, May 14 (INS.)—Police announced today they expected to arrest Mrs. Harry Jackson, wife of Harry Jackson, or "Lancey," as he was sometimes known, and a second man whose name they withheld, and perhaps clear up the murders of Louise Lawson and "Doc" King.

Jackson is being held for the information to burn always more brightly and with a sureness equalled only by the constant admiration of thousands. Her's is perhaps the greatest talent amongst screen players, and the promise of splendid things given in her old Biograph days is supremely fulfilled in Henry King's production of "The White Sister." Her popularity today is as sturdy as in the old days with the added advantage of having grown with each new performance. Her characterizations have matured and mellowed to a point of being sheer genius.

casted during the robbery of Mrs. Howard Jackson, and the co-author of "Fingerprints" at the Alamac hotel. Police say he has confessed the robbery.

According to police, Jackson declared he sought money with which to fight a burglary case against him in Washington, D. C. He said he was out on \$15,000 bail.

Ancient Time Recorders.
Perhaps the first reference to attempts to reckon time by mechanical means is found in Isaiah 38-8, written supposedly about 713 B. C. "The sun dial of Ahaz." Pliny says that Anaximander invented a sun dial about 550 B. C. The first sun dial at Rome was placed in the Temple of Quirinus, about 250 B. C. when time was divided into hours. The clepsydra, or water clock, was the next time recorder invented.

A CHILD IN PAIN runs to Mother for relief. So do the grown-ups. For sudden and severe pain in stomach and bowels, cramps, diarrhoea, CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY. It has never been known to fail.

In Step With Style

SMART afternoon occasions demand a special type of slipper, just formal enough, without being too elaborate. We have just received some beautifully designed afternoon slippers combining suede with patent and satin with kid. Particularly attractive are those with interlaced straps or latten-work high over the instep.

Ten made afternoon slippers are today's special value at

easier starting

TIME'S gone when ordinary gasoline was good enough. Driving conditions have changed. Traffic is becoming more and more congested. Motors must keep going. You simply must have fuel that vaporizes more readily and ignites with more sure-fire certainty.

Atlantic ingenuity has again produced a still better Atlantic Gasoline. It is the most finely balanced combination of snap and vigor you've ever experienced in a motor fuel. And this is one way of proving it:

Watch Atlantic start a cold motor!

But, Atlantic's easier starting means not only the convenience of getting under way quickly. It means less pumping of raw gasoline into the cylinders; less dilution of oil; less flooding or choking the carburetor; cleaner spark-plugs; greater fuel and oil economy. Make a note of these things.

ODDS AND ENDS AND THINGS

By J. D. C.

According to an estimate of the Merchants and Metals National Bank of New York, given in its monthly review of business conditions, the gross income of the American people is up about \$300,000,000 a day, while the savings are approximately one-half of this, or more than \$30,000,000. The total income of the country for 1933 is placed at \$70,000,000,000, an increase of \$5,000,000,000 over 1932 and \$10,000,000,000 over 1931. For the year's total savings, the figure given is \$12,000,000,000. Of these savings, the bank says:

"No nation ever before showed anything like this addition to wealth in a period of twelve months. Going back only a third of a century to 1860, we find that our total wealth output was in that year no greater than our accumulation of last year. England before the war added about \$2,000,000,000 to its national wealth annually through saving. Germany added a similar amount. Italy and France together saved less than either England or Germany. Even then the United States was adding more to its national wealth than these four nations combined. Today, with Europe still seeking to overcome its war ravages, we stand out as the single great accumulator of capital in the world."

"Savings are not just the sums of money people put into banks. In the usual economic formula cash alone does not represent savings; those things do represent savings which are produced and not immediately consumed, but added to the national equipment. A new house; an extension to a barn; a motor truck; a new road—these increase national wealth and are savings. They may be paid for out of peoples pockets, out of the money deposited in banks, out of the premiums collected by insurance companies, out of building and loan funds, out of mortgages or out of bond and stock issues."

"Not less than \$9,000,000,000 of the American peoples savings last year went into automobiles, buildings and roads. A total of \$2,500,000,000 went into railroad additions, power plants and public utilities. Various other items absorbed an additional \$1,000,

000,000. Our savings were in enviable values. The question remains, How were they spent? For automobiles and trucks alone, \$3,300,000,000 was spent by the American people last year. That sum was three times greater than the year's addition to savings bank deposits, and twice as great as the total of life insurance premiums. How much of this was wise investments? How much was extravagance and waste?"

"There always will remain for dispute the question of where the line runs that separates savings and waste. Nobody can determine this arbitrarily. What is called savings is often waste, and what is called waste is often the soundest kind of economy."

Whisky, brandy and a 40-gallon copper still are offered for sale together with six Negro slaves in a sale bill that goes back long before the days of prohibition. The bill which dates back to March 1, 1849, was given by an old native of Willow Grove to Dr. A. M. German of Suppes avenue, who with his wife and son, George German, have just returned from a week's visit with relatives at that place. The clipping follows:

SALE

Having sold my farm and am leaving for "Oregon Territory" by an ox team, will offer on March 1, 1849, all of my personal property to wit:

All ox teams except two teams, Buck and Ben and Tom and Jerry; 2 milk cows, 1 gray mare and colt, 1 pair of oxen and yoke, 1 baby yoke, 2 ox carts, 1 iron plow with wood mold board; 800 feet of poplar weather boards; 1,000 3-foot clap boards; 1,500 10-foot fence rails; 1 60 gallon soap kettle; 85 sugar troughs made of white ash timber; 10 gallons of maple syrup; 2 spinning wheels, 30 pounds of mutton tallow; 1 large loom made by Jerry Wilson; 300 poles; 100 split noops; 100 empty barrels; 1 32-gallon barrel of Miller Johnson whisky; 7 years old; 20 gallons of apple brandy; 1 40-gallon copper still; 3 sides of oak tanned leather; 1 dozen real books, 2 handle hooks, 3 scythes and cradles, one dozen wooden pitch forks, half interest in tan yard; 1 32-calibre rifle, bullet molds and powder horn, rifle, made by Ben Miller; 50 gallons of soft soap, hams, bacon and lard; 40 gallons of sorghum molasses; a head of fox hounds all smooth mouthed except one.

At the same time I will sell my 6 negro slaves—2 men, 35 and 50 years old, 2 boys, 12 and 18 years old, 2 mulatto wenches, 40 and 30 years old. Will sell all together to same party

Server Girl Feared She Would Be Punished So Made Kidnaping Story

Pittsburgh, Pa., May 15 (INS).—Elberta Server, sixteen year old girl who charged she had been kidnapped and held prisoner since Monday when she returned home early Wednesday morning, today confessed that her story was a fiction concocted to save her from punishment for staying away from home, according to police reports on the case.

The girl was visiting a friend without her mother's consent, she admitted, and was afraid of severe punishment after the mother had told police that her daughter had been kidnapped.

The confession was made after Elberta had been confronted with two boys who were arrested after her story of kidnapping had been told to police.

Celtic Isle.

The smallest dependency of France is the Ile d'Hoedie, situated at the east of Belle Isle. Its population is 228. The people do not speak French, but Celtic. Fishing is the principal industry, and all the inhabitants are provided with food at an inn managed by the women. The town has no streets. The houses are mostly of mud.

who will not separate them. Terms of sale, cash in hand or note to draw 4 per cent. interest with B. McConnell as security.

My home is two miles South of Versailles, Kentucky, on McComm's ferry pike. Sale begin at 8 o'clock a. m. Plenty of drink and eat.

TODAY—

Ride in this world-famous Six
—the outstanding car in the \$1000 field

POWER, luxurious roominess, low upkeep and long life at low price! . . . a world-famous Six, the outstanding sensation of motordom today at \$1045.

Now ride in it. Feel the thrill of its powerful six-cylinder L-head motor. Note that it embodies features found only in the most expensive cars. Consider that it is a product of a \$90,000,000 company with 72 years of fine vehicle making to its credit.

Compare it with competitive cars at near its price; then with cars that sell for several hundred dollars more. Compare it for

beauty, comfort, roominess, upholstery, for obvious refinements.

Compare it, too, for ease of handling, flexibility, power, quietness and lack of vibration. Don't take anyone's word that this car or that car at its price is "just as good." Find out for yourself.

Studebaker will place a Light-Six at your disposal for this purpose any time you name.

Being the world's largest producer of quality automobiles, Studebaker is thus in a position to give the utmost for the least.

Buy no car at \$500 or more without making this test. Don't buy blindfolded.

THE LURE OF CLOTHES

Helen Gwynne, retiring president of the national industrial branch of the Y. W. C. A., advises working girls to wear gaudy clothes and be aggressive.

"The demure, submissive working girl doesn't get very far in factories or matrimony," she says. "Where the rich girl, amid luxurious surroundings, may have her charms set off better by dressing simply, the working girl must wear bright colors in order to call attention to herself."

This is a matter on which an editor naturally speaks with diffidence, leaving authoritative pronouncements to feminine specialists. From cursory observation, however, it looks as if working girls, whether in factories or offices, are not much in need of Miss Gwynne's advice. They have beaten her to it.

THE STEADY WORKER

The American record for steady work probably goes to Edward Slattery of North Easton, Mass. He has been employed continuously by one firm for 58 years. He arrived from Limerick, Ireland, in 1866, started working two days later for a shovel and tool factory and has been working for it ever since. In all that time he has not lost one day on account of sickness.

"This," somebody will say, "is the kind of immigrants we used to get." It is a good kind, at any rate. If there were more Edward Slatterys coming into the country, there would be less hostility toward immigration.

HIGH SCHOOL ORATORY

The oratory of high school boys and girls has been marveled at by fond parents and laughed at by outsiders for many years. Late May and early June are open season for the jokers who poke more or less friendly ridicule at youthful commencement speakers throughout the land. Yet, after all, there is something genuinely inspiring and appealing in the efforts of these young people which anyone who believes in them, in their ideals and in their sincerity must admit.

When such oratory is directed toward one special subject by a national contest that reaches cities and villages in every state, it becomes even more worth while. The national oratorical contest, centering on the Constitution of the United States and sponsored by leading newspapers in various sections of the country is nearing its close. In Kansas City, in St. Louis, in St. Paul and other zone centers, orators who have won preliminary contests in their own schools, then their own towns, counties and states, are now competing for first place in their respective districts. Later on the handful of winners will meet in Washington, D. C., for the national event. The winner there will receive a big prize of \$3,500.

Wherever general interest in the contest has been felt, there has shown itself at the same time a keen interest in the Constitution and government of this country. Libraries have reported more readers delving into history, biography and law books; school teachers have reported more pupils interested in American history and laws; newspapers have found more patrons showing their patriotism in increased interest in public affairs.

In the final contest only one person can win the big prize, but throughout the country hundreds of boys and girls have won something for themselves during the contest which will always be of value to them.

In the Courts

The case of Harbit Bloom vs. the New York Central railroad was taken up before Judge Chase this morning. Suit is brought in this case for fire damages to timber lands in Pike township burned over by fire caused by sparks from a locomotive on the N. Y. C. railroad. The attorneys interested are A. H. Woodward for the plaintiff and Kelly & O'Laughlin for the railroad company.

The case of I. B. Norris against the E. R. R. Company for fire damage to timber in Pike township was settled by the railroad people paying for the damage alleged in the complaint. A. M. Liveright represented the plaintiff and Kelly & O'Laughlin the defendant company.

Attorney A. L. Edwards made a motion for a new trial in the case of Mary Lowrey vs. Osceola borough, in which a verdict of \$500 was returned against the borough. Judge Heck has fixed Monday, June 24, for hearing argument on the motion.

The case of Sam Cobel against Clearfield borough was tried before Judge Chase yesterday. Cobel's horse, which was being ridden by a 12-year-old boy, jumped off the paved street when frightened by a passing automobile and alighting over a man hole of the Daisy street sewer broke through the plank covering and dropped down into the manhole. The horse's back was broken in the fall and he was shot. Cobel sued to recover \$250, the alleged price of the horse, together with the expense he was put to in retrieving the animal from the sewer. The jury gave Cobel \$205 for his horse.

This thing of inviting your neighbor out to go automobile riding with you, even though your friendship is but platonic and your intentions the best, has every right to be classed as a dangerous proposition or occupation. This was demonstrated at the Court House yesterday.

Over at DuBois several months ago James E. Arvidson was taking his family out for a drive, and invited Mrs. Margaret Donaldson to accompany them in the car. She accepted and during the course of the drive a wreck occurred and Mrs. Donaldson was seriously hurt. Her husband, Colin Donaldson promptly brought suit for damages against his neighbor and driver of the car, asking to be reimbursed to the amount of \$700, being the sum spent by him for medical attention and hospital bills. The woman also became a party to the suit, asking \$7,000 for permanent injuries received in the wreck.

The case was called for trial before Judge Heck yesterday and after a jury had been called and sworn Pentz & Pentz, representing the plaintiffs and Wallace Smith, attorney for the Insurance Company in which Arvidson was insured, got together and settled. Donaldson was allowed his \$700 and his wife given \$1800 in settlement of their claims.

Suit was entered in Prothonotary Ralston's office on Monday by Attorney John Collins, representing Love and West, of Houtzdale, and against Elias Abraham, of Woodward township. The suit grows out of a collision between the delivery trucks of the parties. On February 19, 1924, the plaintiffs contend the truck of Abraham ran into their soft drink truck, badly smashing it up and destroying 24 cases of pop. The accident happened at the corner of Elizabeth and McAtter street in Houtzdale and the plaintiffs demand \$1044.28 to compensate them for all the damages they suffered incident to the wreck.

A settlement was reached in the case of J. T. Murphy vs. E. B. Kyles, which was scheduled for trial before Judge Heck yesterday.

The case of Sarah Smith vs. Frank G. St. Clair, was also settled by the parties without a trial.

The dispute of Geo. W. Hammell vs. Cloe Trump over ownership of an automobile was also settled by the parties.

The fire damage case of Harbit Bloom against the Borough of Coalport is on trial before Judge Chase. This case was begun Wednesday morning. Tomasheky is suing the borough for \$25,000 damages for injuries received by his wife in a fall due to a defective sidewalk condition on one of the borough streets.

Judge Bell has charge of the plaintiff's side of the case for Attorney Margoth of Punxsutawney, while Miller & Hartwick are representing the borough.

Progress Editorials for Women

CLOTHES BY FLORENCE DAVIES

They were just home from a week's stay at a house party in the country. "Tell me how it is," said the husband, "I never hear you talking about your clothes the way those women did all the time we were there. You always seem to look alright, but in all the time we've been married I haven't heard you worry about clothes as much as one of those women did in one day. What's the answer, don't you care as much about clothes as the other women, don't you have as much money to spend on them, or are you just smarter than the rest?"

"Oh, surely, not the last," she laughed. "I certainly am not smart, and I'm sure I do care as much, and I don't know about the money, but I have what I need; so that isn't it."

"No," she exclaimed, "it's just that I do it a different way. Perhaps when it comes right down to it, I even care more than they do, for I found out a long long time ago that clothes aren't a silly frivolity, really good looking clothes I mean. They are really very necessary to one's peace of mind and sense of well being. And so having made up my mind they were really important I decided that they were worth some definite time. But I didn't intend to have them interfere with the rest of my life. So, long ago, I decided that at least twice a year, I would set aside a week or two, and simply attend to my clothes for the season."

"You don't save any money by putting things off till the last minute, do you?"

just as cheap to look at the season as a whole and provide what you need while you're at it."

"As for apologies," she said, "I hate to hear them. When a woman says, 'I have nothing to wear,' I feel like saying to her, 'Well, why haven't you?'"

She's like a speaker who gets up and says 'I haven't prepared a thing.' 'I always want to say, well if you aren't prepared, sit down.'

"It's the same way with clothes. It takes time and money and taste to get good clothes together."

"Either a woman has time and money and taste or she hasn't."

"If she has those things, and doesn't have the clothes when she needs them, so she won't have to fill the air with whining apologies, she ought to be ashamed to appear poorly dressed. If she hasn't the time and money and taste, then it's up to her to do the best she can with what she has, and keep a stiff upper lip. Besides, the women who apologize are never those who haven't the money to get what they need. Those women feel the lack too keenly to call attention to it."

"When I hear a woman say, 'I just haven't a thing to wear,' I always want to say, 'Well it's nothing to brag about. Whose fault is it?'"

"No," she added, "I never could see the sense of neglecting a thing which is as important as clothes and then making every one miserable about it. I shop hard twice a year—and then I don't apologize. For what I have is the best that I could afford and it's got to do."

"And," said her husband, "it seems to me it does very well."

Marriage Licenses

Clair Turner and Jona May Gearhart, both of West Decatur.

Maurice Leigry, of Karthaus, and Agnes Deherly, of Hawk Run.

Michael Phelan and Anna Poppy, both of Osceola Mills.

Raymond Lansberry, of Mineral Springs, and Lois Green, of Gramplan.

LOCAL HIGH ATHLETES TO ATTEND STATE MEET

Clearfield High track and field athletes journey to Penn State Saturday for the annual state meet. This is the Central Pennsylvania interscholastic classic, as most all high schools, large and small are entered and all will be "on deck."

Local athletes have always acquitted themselves well at this meet, especially in running, as several event records are held by Clearfield High athletes and this year's team expect to maintain the standing of the past.

The local squad is composed of: "Barnie, Roan, Phillips, Wilson, Thurston, Mann, Mohny, Maurey, Maurer, Moore, McLaughlin, R. W., and P. McClure, C. L. Witherow, Williams, Kephart, Dale, Rogaux, Aikey, and Mitchell. The team is handicapped by the loss of Capt. "Tony" Rafferty, who was looked upon as a "sure thing" winner in his event.

International Rotary Conference Is Meeting At Torquay, England

Torquay, Eng., May 14 (INS.)—Two thousand delegates from all parts of the world are attending the International Rotary Conference which opened here today.

Guy Gundaker, of Philadelphia, president of the International Rotary clubs, made the opening address, outlining proposals for an international code of standards for all crafts and professions.

"It is the purpose of the Rotary Clubs to foster understanding, peace and good will and to strive for world fellowship and for business and professional unity," said Gundaker.

Foiled Wild Beasts

Stanley, the explorer, found the five Africans knew the art of camouflage and had practiced it for hundreds of years. He adopted some of the methods of the blacks and his big game were remarkable. The five Africans donned the skins of animals with horns, head and all, and hunting. Deities of the jungle were fooled into standing their ground when the black hunters snared skins approached.

Tablets of Stone

The library of the School of the Sons of the Empire, an ancient Chinese university which it is said, was in existence a thousand years before Christ, contains 182 tablets of stone, wherein are carved all the "43 classics," the essence of Chinese culture.

NOTICE DIFFERENCE IN WAY YOU FEEL IN 14 HOURS OR LESS!

Make this test. End suffering from Indigestion, Pimples, Pains in Back and Sides, Constipation, Headaches and tired, rundown condition, due to Self-Poisoning because of sluggish liver and clogged intestines at this time of year.

Take a pleasant spoonful of Dr. Thacher's Liver and Blood Syrup after the next two meals. In less than 14 hours notice quick difference in way you feel. Contains pure vegetable ingredients approved by physicians.

Helps nature cleanse and tone your liver—strengthen your digestive organs—soothe the tired and overtaxed nerves, brace up your system and purify your blood. It has helped thousands feel return of strength, vigor and energy again. You, too, must be satisfied, or no cost.

Dr. Thacher's is sold and recommended by Stewart Drug Co. in Clearfield and by Leading Druggists in every city and town.

Five Miners Suffer From No Ill Effects From Entombment

Gilman's Colo., May 15 (INS.)—Suffering no ill effects from their 24 hours of entombment in the black iron mine of the Empire Zinc Company here where they were caught by a cave-in on the 11,900 foot level, five miners were ready to go back to work in the mine today following their rescue late last night. The imprisoned men were greeted by a noisy demonstration when they made their way to the earth's surface. Food had been supplied them for three days through a two inch tube that was run for a distance of 96 feet.

Chicken Mystery

Pearl and Stanley, six and four, respectively, had buried a dead chicken in their garden. A week later out of curiosity they went to dig it up, in the wrong place, and did not find it. Excited, they ran together to mother and cried, "Ma, that chicken must have gone to heaven, because it isn't there any more."

The only peaceful nation in the world seems to be explanation.

About the easiest job in the world is a good looking rich girl marrying an ugly poor man.

Sleep is a great thing. It keeps some people from worrying over their troubles 24 hours a day.

Watches are handy. Looking at one may mean you have to go now or that you can stay a while longer.

West Virginia railroad is giving \$5 to every baby born to an employe, which will make the baby's first words "Gimme them five bones."

Our idea of a man who doesn't know where to go is one who sits through a movie twice.

There are too many days in a week to work every one of them.

The reason some men leave home is because they can't pay the rent.

Very few people get on by merely trying to get by.

Chicago man got arrested for claiming a pistol beat four asses.

(K) LEGAL NOTICES

102—MISC. LEGAL

101—BIDS WANTED

NOTICE TO BIDDER

Sealed proposals will be received at the office of the Borough Council of Curwensville, Clearfield County, Pennsylvania, on Monday, May 26th, 1924, at eight o'clock P. M. and opened at nine o'clock P. M. for furnishing tools, machinery, labor and materials for the construction of a double man reinforced concrete girder bridge over Anderson Creek at foot of Walnut Street, Curwensville, Pa.

The bridge consists of two spans each 54'-6", clear roadway of 16' between curbs and a single 4'-0" sidewalk. Plans and specifications are on file in the office of the Borough Council and the office of the engineer, where they may be inspected. Copies of the plans and specifications may be obtained from the Borough Clerk by depositing \$10.00, which amount will be returned if the plans are returned within twenty-four hours after the time set for receiving bids.

Proposals must be for the work complete in full accordance with the plans and specifications on file and must be made on the form attached and forming a part of the specifications.

Each bidder must accompany his proposal with a certified check in an amount not less than 10 per cent of his bid, made payable to the Borough Council of Curwensville, Pa., as a guarantee of good faith and to protect the Borough from any loss by failure to enter into a formal contract.

The right is reserved to reject any or all bids.

By order of Borough Council, Curwensville, Penna.
Arnold & Platt, Solicitors. 511/81522ch

DISSOLUTION NOTICE
Notice is hereby given that the FAIRVIEW CREAMERY COMPANY, a limited partnership, authorized to engage in agricultural pursuits, particularly dairying, under the Act of May 9, 1889, has been dissolved by the vote of all those interested and all persons owing money to said partnership are hereby notified to make payment of the same, and all persons having claims against said partnership are notified to present the same for payment without delay to the principal office of said company in the Borough of Houtzdale, Clearfield County, Pennsylvania.

BELL, BOULTON & FORSYTH
Solicitors for Fairview Creamery Co.
Houtzdale, Pa. 514/61ch

World's Lightest Wood.
The balsa tree, which is now being cultivated in Costa Rica, produces the lightest known wood in the world. It is in great demand for all purposes where lightness of construction is of importance. It is very strong and a good insulator and is much used in airplane building, as it offers the minimum amount of air resistance.

Snakes in the Ocean.
There may or may not be such thing as a sea-serpent, but there certainly are snakes in the ocean. There are numerous varieties of small snakes that live in all oceans; then there are the eels, of course, which go from salt water to the fresh. In the water around southern A.M.E. there lives a landed sea snake, which has stripes around its body and broad tail, and can swim with great speed.

The Worst Evil.
Bad as any government may be, it cannot be worse than anarchy.

New Treatment For Varicose Veins and Ulcers
Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce original bottle of Emerald Oil (full strength), at any pharmacist and start to reduce the veins and bunions at once.

Physicians recommend Emerald Oil. It is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal.

So marvellously powerful is Emerald Oil that swollen glands and even

When eating last picture is quoted, and the Score are painted and dried.

PENNSY-GRAMS

Philadelphia—Insisting that she was injured in an auto accident, Penny Noonan talked herself into an arrest.

Her auto and another crashed together the girl demanded to be taken to a hospital. She was adjudged sane. An officer demanded the license. She hadn't any.

Philadelphia—Police are today looking for an auto with a broken light that was seen speeding shortly before William Matchless, a messenger, was found lying motionless alone the roadside. The messenger, on a bicycle, was apparently struck and abandoned to die in a serious condition in a ditch.

Philadelphia—Physicians will attempt to remove a pin that is stuck in a girl's chest. Yesterday she was working in a dry-cleaning establishment, Blanche Morris, 17, swallowed a pin. An x-ray located the pin in her chest.

Philadelphia—While being taken to a hospital to undergo an operation, Gerald Robertson, 20, was thrown from an automobile which collided with another car last night. Robertson is in a serious condition.

Shirleyburg—George Montgomery, negro motorist, is under arrest today for having run down Mrs. A. Brown, mother of five children. Brown died as the result of her crash.

Carlisle—Dr. E. A. Vuilleumier, ministry professor at Dickinson, has patented invention of the "Dickinson hydrometer," a direct reading device for determining the specific gravity of solids.

Philadelphia, May 15. (INS.)—Dr. La Place, 60, one of the most eminent surgeons of Philadelphia, died suddenly at his home here today. Heart disease was the cause of his death.

Dr. La Place was physician to Card. Dougherty and also to many other prominent men.

Soap Berry Tree.

The Japanese soap berry tree is the humid parts of western Japan. It attains a height of about 10 feet and has a spreading canopy and many small branches.

It is the size and shape of cherries, but the fruit is a translucent yellowish skin and is so saponaceous as to be used instead of soap by many people. It is being equivalent to more than fifty times its weight of that material.

MUSICAL AND ATHLETIC CONTESTS OF HIGH SCHOOLS AT CLARION NORMAL

Saturday, May 24th will be one of the busiest days of the pre-commencement season at the Clarion State Normal School. Plans are being rapidly completed for musical and athletic contests between the stronger high schools of the district who will be the guests of the Normal School on the date mentioned. The day's program will start at nine o'clock in the morning, opening with the musical festival under the management of Prof. Paul Beck. The festival will consist of a contest between the high school orchestras, glee clubs, girls' trios and boys' quartets.

In the afternoon, the track and field teams of the various high schools will get into active competition against each other, starting at two o'clock. This will be the third track and field meet held at Clarion Normal and Coach Moody is planning to make it bigger and better than ever this year. The meet is open to any high school in this district and already a large number have indicated their intention to enter teams. Teams are expected from Kane, Warren, Franklin, Oil City, Ridgway, Brookville, DuBois, Punxsutawney, Reynoldsville, Brockwayville, Ford City, Kittanning, Clearfield, Parkers Landing, Emlenton, Knox, Titusville, Johnsonburg, New Bethlehem, Bradford and other schools with strong teams. Two years ago, the first meet was won by New Bethlehem with a total of 36 points.

Last year Brookville won with a total of 34 points, closely followed by DuBois with 30 points. Some very good marks have been set in the past two meets but reports of the work being done by some of this year's entrants indicates that some new records will be made. Prizes will be given for first, second and third places. Gold prizes for first, silver for second and bronze for third. A silver cup will be given as the only prize to the team that wins the relay race. A larger cup will be given to the team that captures the most points.

Officials as announced are as follows: W. O. Moody, Clarion State Normal, referee; Woodman, Oil City, starter; Roundsley, DuBois, timer. The track judges will be Bartholomew of Altoona, Magill of DuBois, Thompson of Clarion, Swartz of DuBois, Clyde of Penfield. The field judges will be Shaefer of Altoona, Smith of State Normal School under the direction of Miss Mary G. Whiteman, Nor-

CHARLES W. BARGER

Charles W. Barger died at his home in Woodland on Tuesday evening May 13, 1924, after an extended illness, he having been in declining health for a couple of years.

Mr. Barger has been a resident of Woodland and Bradford township all his life, with the exception of a couple of years in the late sixties, when he lived in Wallacetown. In his early life he followed lumbering and rafting and later farming which occupation he continued until four years ago when declining years forced him to retire.

Charles W. Barger was born April 22, 1846, and was therefore in the seventy-ninth year of his life. A devoted member of the United Brethren Church for sixty years, in every way a Christian man of the highest type. His mode of living was simple, always trusting in the Lord. He loved his home, his church and community in which he lived, and will be sadly missed by all.

On September 20, 1866, he was united in marriage with Caroline Shaw, who, with six children, survive to mourn the loss of a devoted husband and father. Six children preceded him to the grave. Those surviving are:

James A. Barger and Mrs. Gertrude Folmar of Winburn, Roland of Vindicator, Mrs. Cora Winebold of South Fork, Newton of Woodland, and Roxa at home. He also leaves thirty-two grand children and thirteen great grand children.

Funeral was held from his late home on Friday May 9, at the U. B. Church. Interment in Bradford cemetery.

"Gone but not forgotten."

Etiquette.

There is an ancient saying that "One should never speak of a rope to a man whose father was hanged," and there is a great deal implied in those few words. In effect, it means that subjects of conversation should be carefully introduced where persons present are not known to a certain extent; that is, that nothing untoward has happened, publicly, at least, that would make any unusual subject apply too openly to anyone especially.

Master of Emlenton, Gillaspie of Altoona.

In the evening, starting at seven o'clock, the May pageant will be presented by the students of the Clarion State Normal School under the direction of Miss Mary G. Whiteman, Nor-

Baseball Players

Limbering Up Now With Joint-Ease

After the game or practice Joint-Ease takes the kinks, lameness and stiffness out of your throwing arm so quickly that you will want to start all over again in a few hours. It's great stuff—speedy and sure, and many stars are wise to it.

Just two minutes' rubbing and this great, stainless Joint-Ease, soaks right in through skin and flesh right into the ligaments and tendons and bones—exactly where the soreness is.

Ask Stewart or any five druggist for a tube of Joint-Ease and keep limbered up as thousands of other ball players do.

Always remember when Joint-Ease gets in joint agony gets out—Quick.

\$1,000 for a Slogan

WANTED a slogan for ICE CREAM

—to typify its purity and food value

Can you think of a slogan, not more than six (6) words, easily said and remembered, to express the purity, goodness and food value of ICE CREAM; a phrase that conveys its year-round appeal as a delicious delicacy as well as a nutritious, healthful food.

The National Association of Ice Cream Manufacturers will give \$1,000.00 in cash to the person who submits the best slogan!

Read the rules of the contest carefully and ACT IMMEDIATELY! The \$1,000.00 prize may be yours in return for very little time or effort expended.

WHO IS GIVING THE PRIZE?

The National Association of Ice Cream Manufacturers is composed of nearly 3,000 members whose plants are located in all parts of the United States and Canada, and whose purpose is to foster and maintain the highest standards of quality and purity in the making of ICE CREAM.

Today this important industry represents an investment of over \$250,000,000 with an annual production of over 300,000,000 gallons. In your own community, there are makers who supply you with rich, pure, wholesome ice cream. Surely they merit your confidence and your patronage.

RULES OF CONTEST

Contest is open to every man, woman and child in the United States and Canada. Contestants may submit as many slogans as they wish, but each must be clearly written in ink (or typed) on separate sheets of paper. Each sheet must contain contestant's name and address.

No slogan can be longer than six (6) words. A letter, not longer than 25 words, must accompany each slogan submitted, explaining its use and application.

This explanation will be considered a part of the slogan by the judges in determining the winner.

Contest closes May 31, 1924. Slogans received postmarked later than May 31, 1924, will be declared void.

Prize will be awarded by competent judges; in case two or more contestants submit the winning slogan, the full amount of the prize will be given to each.

102—MISC. LEGAL

101—BIDS WANTED

NOTICE TO BIDDERS
CONTRACTOR
Sealed proposals will be received at the office of the Borough Council of Curwensville, Clearfield County, Pennsylvania, on Monday, May 26th, 1924, at eight o'clock P. M. and opened at nine o'clock P. M. for furnishing tools, machinery, labor and materials for the construction of a double span reinforced concrete girder bridge over Anderson Creek at foot of Walnut Street, Curwensville, Pa.

The bridge consists of two spans each 54'-6", clear roadway of 16' between curbs and a single 4'-0" sidewalk. Plans and specifications are on file in the office of the Borough Council and the office of the engineer, where they may be inspected. Copies of the plans and specifications may be obtained from the Borough Clerk by depositing \$10.00, which amount will be returned if the plans are returned within twenty-four hours after the time set for receiving bids.

Proposals must be for the work complete in full accordance with the plans and specifications on file and must be made on the form attached to and forming a part of the specifications.

Each bidder must accompany his proposal with a certified check in an amount not less than 10 per cent of his bid, made payable to the Borough Council of Curwensville, Pa., as a guarantee of good faith and to protect the Borough from any loss by failure to enter into a formal contract.

The right is reserved to reject any or all bids.

By order of Borough Council, Curwensville, Penna.
Arnold & Platt, Solicitors. 5/11/24 5/12/24

DISSOLUTION NOTICE
Notice is hereby given that the FAIRVIEW CREAMERY COMPANY a limited partnership, authorized to engage in agricultural pursuits, particularly dairying, under the Act of May 9, 1889, has been dissolved by the vote of all those interested and all persons owing money to said partnership are hereby notified to make payment of the same, and all persons having claim against said partnership are notified to present the same for payment without delay to the principal office of said Company in the Borough of Houtzdale, Clearfield County, Pennsylvania.

BELL, ROULTON & FORSYTH,
Solicitors for Fairview Creamery Co. 5/14/24

World's Lightest Wood.
The bulke tree, which is now being cultivated in Costa Rica, produces the lightest wood in the world. It is in great demand for all purposes where lightness of construction is of importance. It is very porous and a good insulator and is much used in airplane bodies as it offers the minimum amount of air resistance.

Snakes in the Ocean.
There may or may not be such thing as a sea serpent, but there certainly are snakes in the ocean. There are numerous varieties of small snakes that live in all oceans; then there are the eels, of course, which go from salt water to the fresh. In the water around southern And there lives in banded sea snake, which has stripes around its body and broad tail, and can swim with great speed.

The Worst Evil.
Bad as any government may be, it cannot be worse than anarchy.

New Treatment For Varicose Veins and Ulcers

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength), at any pharmacist, and start to reduce the veins and bunches at once.

Physicians recommend Emerald Oil. It is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal.

So marvelously powerful is Emerald Oil that swollen glands and even

When each's last picture is quoted, And the doors are painted and dried; When the oldest carpet is beaten, And the youngest under has died, We shall regret, and faint, we shall need it.

Go down for a moment or two, Till the dust on the grand piano Shall tell us to work anew.—With apologies to A. Kipling.

REASONABLE GOOD THINGS

Parfaits are at their best at this time of the year. Some like them cooked with other vegetables in a boiled dinner. They are well liked when cooked tender in boiling water, then skinned, cut into halves and fried brown in butter or some other sweet fat. Fritters are especially good. Cook them until tender, mass and season well, dip into a fritter batter by spoonfuls and fry in deep fat. Served with maple syrup or any kind of sweet sauce they make a most tasty entrée.

Cream Puff Dessert.—For an emergency dessert, if you are near enough to a fresh supply of cream puff shells and vanilla

Rotarians Toast 'Pop' Wilson; They Should Have Boiled Him in Oil

The meeting of the Clearfield Rotary Club held at the Hotel Jordan last evening, the first to be held under the direction of President Gurney Smith and his new official family, was well attended and very much enjoyed by the members and their guests.

Secretary "Pop" Wilson was celebrating his birthday yesterday and got a lot of help before the meeting was over. "Pop" was the recipient of heartiest congratulations, likewise an ode and a couple of odors. The ode, which emanated from the pen of Jordy, the club poet, expressed in horrible metre the sentiments of all the members. In order that Jordy's "light" may no longer flicker and spatter under a bushel we present the ode herewith. The "odors" are able to speak for themselves. This is it—

ODE TO POP WILSON ON HIS BIRTHDAY

Here's to Wilson, we all call him "Pop".

Of Rotary virtues he has a full crop; It is said he never has taken a drop. As Secretary he does fine work, He was never known a duty to shirk. He sends out the meeting notice each week And tells us who will be present to speak. He puts a quotation atop of the page, And always picks something both moral and sage. He also is quick at sending the news When it is time for the monthly dues. Whenever the Rotary membership dines, He writes up the minutes—and pockets the fines.

Now this is Pop's birthday, and therefore this rhyme; He hardly is marked by the passage of time: His heart's like a boy, though head's

\$76,000,000 Per Year Is Cost Of Education In The State Of Pennsylvania

Harrisburg, Pa., May 15 (INS.)—Public education cost \$22,000,000 more for the 1922-23 term than for the term of 1921-22 according to statistics compiled by the State Department of Public Instruction and made public today. The total cost for 1922-23 was \$151,984,807. These figures, according to Dr. J. George Becht, Supt., of Public Instruction, indicating a state-wide betterment of educational facilities, and show that schools in rural districts are keeping pace with the institutions in the larger cities where school boards are empowered to levy taxes and raise moneys to further public instruction. "School boards" Dr. Becht declared "are endeavoring to give these children of their districts the best possible education, to provide capable instructors and to reduce overcrowding in the public schools."

According to the compilation, public education in first class school districts for the 1922-23 term cost \$41,161,523; second class \$42,307,671; and fourth class \$47,330,364. The actual current expenses for the term were \$190,443,140 with the remainder of the total expended for capital outlay and debt service. The sum of \$5,664,198 was expended on General control; \$74,410,256 on instruction; \$9,220,698 on operation; \$4,192,340 on maintenance; \$3,077,510 on auxiliaries and \$2,866,138 for fixed charges. Capital outlay required \$23,310,019 and debt service \$7,181,648.

Dean Bloom, chairman of the "On to Toronto" committee, reported on the coming convention in the Canadian city and was then elected a delegate to represent the club there, with "Pop" Wilson as alternate.

HOUSE VOTES TO EXCLUDE THE JAPS AS PER SCHEDULE

Washington, May 15 (INS.)—Disregarding the demands of President Coolidge and Secretary of State

Hughes, the House of Representatives voted finally today to make the Japanese Exclusion provided for in the new Immigration Bill effective on July 1, 1924.

The Administration has insisted upon a year's delay to enable the State Department to conclude a treaty with Japan for the regulation of immigration.

The vote was 308 to 89, more than enough to override a veto in the event the president refuses to accept the Exclusion provision.

The House acted in adopting the conference report on the bill. The report now goes to the Senate, where an effort will be made to rush it through tomorrow.

In a Word.

Ingenuity, energy; in a word, whatever of strength the man had in him will be written in the work he does.—Carlyle.

Concrete Roads Feed the Railroads

By Bert Ball.

(National Crop Improvement Service.)

The most expensive item of farming is the muddy road from the farm to the station. Where concrete roads are built, farmers can catch the way freight and get their stuff to market often the same day. Therefore, around every freight yard, a well-built reinforced concrete roadway should be provided, especially where trunk lines cross. Then while much of the farm ship-

ping is "muddled in" the farmers along the concrete may ship daily and one of the most profitable co-operations is to unite in a truck service which will pick up all the milk cans and other produce and meet the daily local freight.

The concrete road itself should be watched very carefully by every taxpayer to see that it is durably built with steel mesh reinforcement and is not abused by overloaded trucks or heavy machinery with bumps on the wheels. Watch it.

THE OLD HOME TOWN

by Stanley

Write It Down!

Use an indelible pencil or ink that will never fade. Put this name under "B" in the old brain file. Forgetting it means a loss of pleasurable satisfaction every time you buy Malt Extract. For, only in

Blue Ribbon
Hop Flavored and Plain
Malt Extract

do you get the topmost, preponderating and supreme realization of how good Malt Extract can be. Made by a man who never took the time to learn how to prepare anything in any way but the best. "Make it so good it can't be made better and the people will soon find out for themselves," is the way he puts it.

Blue Ribbon is Union Made and 100% pure. All grocery stores and delicatessens sell it.

YELLOW TEETH BLEACHED WHITE NEW SAFE WAY

Dentists' New Discovery Guaranteed To Remove Yellow Stains—Or No Cost

To whiten dull, yellowish, stained teeth all you need now do is apply a few drops of a mild, harmless liquid to the teeth—then use a special paste—and watch stains disappear. This scientific treatment is called Bleacholent Combination. The mild liquid softens and loosens the hardened stains that cling to your teeth so that they can be gently brushed away with the special paste. Teeth at once begin to assume a wonderful sparkling whiteness. Bleacholent Combination also keeps the teeth white by preventing the formation of future stains. Perfected by two prominent dentists who used it for ten years on their own teeth and on their patients' teeth with such highly laudable results that the Bleacholent Dental Laboratories were organized to place this remarkable product before the public. For your teeth's sake refuse cheap liquid imitations and always insist on genuine Bleacholent Combination, the SAFE treatment. Bleacholent Combination does not affect the enamel, as its mild ingredients are especially combined to act only on surface stains. Say goodbye to tobacco and other yellow teeth stains. Get Bleacholent Combination (containing both liquid and paste) today. Only small cost at all good druggists.

Domestic science experts say,
"Cream of Tartar baking powder is the best"

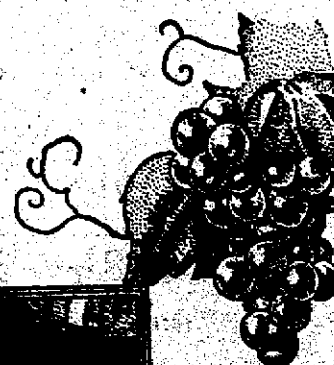

Recently a representative group of Domestic Science experts in all parts of the country was asked "which type of baking powder do you use and prefer?" 83% unhesitatingly replied "Cream of Tartar." An overwhelming sentiment in favor of cream of tartar for perfect baking.

Cream of tartar was one of the first leavening agents to be used in baking. For years the best cooks insisted on cream of tartar for perfect cakes, biscuits and other baked foods. Then came Royal Baking Powder, in which are perfectly blended soda and pure cream of tartar derived from grapes grown in the famous vineyards of Southern Europe. For 50 years Royal Baking Powder has been used by the housewives of America for successful baking.

SOME NEWSPAPER COMMENTS

ON THE WALTER MAIN CIRCUS

Downie's Marvelous Elephant, With Their Trainer as Ringmaster Prove Strong Attraction at New York Hippodrome

As a courtesy to E. F. Albee, Andrew Downie, proprietor of the Walter Main Big Show, a circus organization well known to folks all over the country, acted as ringmaster and director of his own collection of performing elephants, ponies and dogs at B. F. Keith's Hippodrome yesterday. And in doing so, this expert of the sawdust arena fulfilled a service in introducing to the patrons of this colossal and popular structure of innovations one of the best, if not the greatest, herd of pachyderms seen hereabouts in many moons.

The animals are not what the most charitable person would call in the lightweight class. Yet all they accomplished was done with a gentleness of spirit and with so much speed as to make the work of other pachyderms appear cumbersome and clumsy in comparison.

These quadrupeds bowl, hop on one leg, jazz and offer their conception of the "shimmy" a bit that was as near the real thing as the quivering of its huge bulk could interpret. Mr. Downie and his wonderful charges are only going to remain a few weeks before joining the circus. So we advise Hippodrome fans to get busy before it is too late.—New York Morning Telegraph, March 18, 1924.

Walter L. Main Circus was here yesterday for the usual two performances and the parade and it left the city with a distinct pleasant impression. It was clean as a whistle, amusing entertainment and in many features startling. The riding was the best ever seen here and will be commented on for many a day.—Oswego, N. Y. Daily Times.

The circus program of the Main Circus will be remembered long for one thing and that was that it presented every advertised feature, and all were good.—Brattleboro Daily Reformer, Vt.

Main's Circus comes to Clearfield Wednesday May 21 with the same high class performance that has pleased other cities and at an admission price lower than charged by any other large circus.

Say you saw it in The Progress.

faithful, and reliable classes in the school.

The chorister of this department is V. H. Bloom, and the organist Miss Margaret Rhodes.

The enrollment of the adult department is 232 and the average attendance since April 1, 1924, 131.

Every Sunday morning at 10:45 a. m., the adult school meets in the church auditorium, and after brief opening exercises, the classes have a forty minute period for the study of the lesson.

During the month of May, this department as well as all others of the school make special efforts to secure new members. All adults not members of some other school are requested to join one of our classes this month. A most cordial welcome awaits any one who may join any class in this department.

FERGUSON TOWNSHIP MAN DIES

Robert G. McCracken, a native of Ferguson township, and a resident of Kermooer all his life, passed away at the Clearfield hospital Wednesday morning at 10:45 o'clock, aged 63 years. Death was caused by pneumonia after a brief illness.

He is survived by his widow, two daughters and one son, viz.: Mrs. Grace Adams, of Kermooer; Mrs. Nona Barrett, of DuBois; and Owen McCracken, of Curwensville.

The funeral will be held from the home of his daughter, Mrs. Adams at Kermooer Friday afternoon at 1:30. The services will be held in Fruit Hill Church and interment at Fruit Hill cemetery.

Algerian Flour Mills

Algeria possesses about 70 or 80 flour mills scattered throughout the three departments of Algeria, Constantine and Oran. These mills have a total of 6,000 horsepower, varying between 1,000 and 1,500 horsepower, and handle daily about 1,000 metric tons of hard and soft wheat, or approximately 400,000 metric tons per annum. There are also a large number of small, primitive establishments in Algeria, which tend to disappear in competition with modern equipment.

Sport News

137 BOYS LEARNING TO SWIM

Clearfield boys are wide-awake to their opportunities as evidenced in their enthusiasm to learn to swim. 137 boys over eleven years of age are taking advantage of the free swimming lessons, given this week by Physical Director G. Leslie Shannon at the local Y. M. C. A.

After the first day the boys were so eager that they ran from the schools as soon as they were let out so as to get every minute possible of the instruction. The Leonard Grade School came first with 25 boys; next the Third Ward with 35 enrolled; the Fourth Ward had 23 who were anxious to be "swimmers"; Junior High has two classes with 25 and 30 respectively, making a total of 137, counting the four High School boys who come for their lesson in the evening.

The attendance on Monday was 115 while this morning the total attendance was 120, showing an increase of interest on behalf of the boys, who practiced with glee the "dead man's float." The course will include five lessons and entirely free to the boys of Clearfield as this is a community project for the good of the youth of the Community. Each boy is required to bring his own towel and soap.

ROBINSON CLAY PRODUCTS WIN AND LOSE THREE

The Y-Indus Bowling League has many strange happenings as resulted in the recent bowling contests. Some days ago the Rotary Club won three consecutive games from the County National Bank. In turn the latter team takes three straight from the Robinson Clay Products Company on Tuesday night. Now comes the irony of fate, the Robinson Clay Products came back into race form last night and took three straight from the Rotary Club.

Undoubtedly the big game of the league will be between the Rotary Club and Auto Dealers next Thursday night, as a mighty friendly competition is bound to take place, and a full standard spread of referees, scorers and judges will be officiating over a new set of pins erected by two of the best pin makers of Clearfield.

The scores:

Robinson Clay Products vs County National Bank.

Amethysts.

The best amethysts are brought from Cumbria, in India, and from Siberia, Ceylon and Persia. The chief supply of the blue turquoise is drawn from the peninsula of Sinai, the great mining district of the ancient Egyptians.

JUNIORS SHOW SENIORS WHO'S BOSS AT C. H. S.

The boys of the Junior and Senior classes went to the park yesterday to decide which class was the stronger, by means of a tug-of-war.

The Juniors, led by their president, "Eddie" Hile, were on one end of the rope, while the Seniors, led by their president, Jack Kurtz, held the other. The interesting feature of the pull was that the losers were pulled thru a stream of water furnished by the Fire Department.

The pull was on at 3:45 and in exactly four minutes the Juniors had the Seniors soaked.

It is certainly pleasant to watch this clean sport. Happy winners and good losers. Clean sports by boys make a world of MEN.

LEGION BENEFIT PICTURE AT DRIGGS THEATRE

John Shade Post of the American Legion will present "The Whipping Boss" at the Driggs Theatre tomorrow evening and all who followed the trial and conviction of the brute who whipped poor Martin Tolbert to death in the pitch pine camp away down in Georgia, should see this picture.

The picture was made in the region where the fogging of the North Dakota boy took place and its showing has met with a large outpouring of the people all over the country which was startled to its depths by the revelations at the trial of the whipping boss.

The Legion brings the picture to Clearfield as a sort of educational reminder to the boy-prone to wander that home is the best place after all. Don't miss this picture. It is well worth the admission fee required and then, too, you will be helping the Legion financially.

SOLDIERING IN HAWAII

11th Tank Co., Schofield Barracks, Honolulu.

Hawaii, H. I.

April 23, 1924

Dear Editor:

I am a soldier at Schofield Barracks, Hawaiian Islands. My home is in Clearfield. I enlisted in Pittsburgh on the 23rd of Oct. 1923. From there I was sent to Fort Slocum, N. Y. I sailed on the U. S. A. Grant on Dec. 14th for San Francisco, Cal.

via Panama, landing in Frisco, Dec. 25. I was stationed at Fort McDowell Angel Island, Cal., until Jan. 15th, 1924, when I sailed on the U. S. A. Samme, landing in Honolulu, on Jan. 21st. I am not very much pleased with the army but no man could ask for a better climate. I am stationed on the Island of Oahu. It is widely known as the Paradise of the Pacific or the Garden spot of the world, and it deserves every bit of the name. I have seen a good bit of the world but never a place as beautiful as Hawaiian Islands. I have visited the Islands of Kauai, Maui and Hawaii. There is a large active volcano on the Island of Hawaii and we have had quite a number of small earthquakes since I have been here.

The last one was midnight Friday, April 25. There was but small damage done.

Dear Editor, I would be very much obliged if you would be so kind as to publish this letter and if you have no objections will write more about the activities of the Islands later. To my idea it will make good reading matter for the people at home.

Well, I will close for this time. Am very sorry that I am not a better writer but I hope you will excuse me as I have a very poor education and I had my right hand smashed and two fingers broken on the 27th of

last month, while driving a tank in combat practice and it is not altogether well yet. I will close for this time. Please send me your price of a yearly subscription of the Progress.

I remain,
Pvt. JESSE A. MILLER,
11th Tank Co.,
Schofield Barracks,
Honolulu, Hawaii, H. I.

A Huge Shadow.

Shadows, naturally enough are of various sizes, and one can imagine that mountains throw very large shadows indeed. It is said that the peak of Teneriffe, on the largest of the Canary Islands, throws such a huge shadow that it stretches as far as 50 miles across the water, partly overlapping some of the other islands. Christian Science Monitor.

\$600 In The Junk Heap

We had carpet dusting machines in our plant that cost \$600. We junked this machine because we realized that it wasn't the proper way to clean rugs. We bought a Rotary Electric Rug, shampooing machine and have the satisfaction of knowing that we have the only correct way of cleaning rugs and carpets.

Great feats of shampooing froth and lather will remove every particle of sand and grease and grime, making the rug look as clean and bright as tho it were new, then we treat the back of the rug to a coat of vegetable shellac making it stiff and heavy. We absolutely guarantee this service and if you are not pleased you do not have to pay.

Telephone call or postal will bring one of our trucks.
HIGH STANDARD LAUNDRY CO.
Phillipsburg, Pa. H. & C. 30K

Made a Hit.
A stenographer has devised a novel way of making a hit with her employer, displaying genius that promises great success for her in the business world. When the boss dictates a letter containing a word she does not know how to spell she does not make the usual guess at it. She looks it up in the dictionary.—Kansas City Star.

Tall Tree Is Useful.
A tree that is 100 feet high is used as a powerful long-distance wireless station mast in a Central American city.

Common Occurrences.
American Father—"Where is Bessie?" American Mother—"She'll be back in a few moments. She stopped out to get married."—Life.

And Tasting River.
In Colombia, South America, there is a river where waters are so colored with sulphuric acid that it has caused the death of the Amazon River at Yaguajay.

Much Driving Hurts Eyes

After a long drive always wash your eyes with simple camphor, which is a powerful long-distance wireless station mast in a Central American city. Lavopik eye wash. This removes dust and germs and counteracts effects of wind and sun. Stops dryness and burning.

ROYAL

ELECTRIC CLEANER

GETS ALL THE DIRT BY AIR ALONE

Keep Your Rugs Thoroughly Clean—

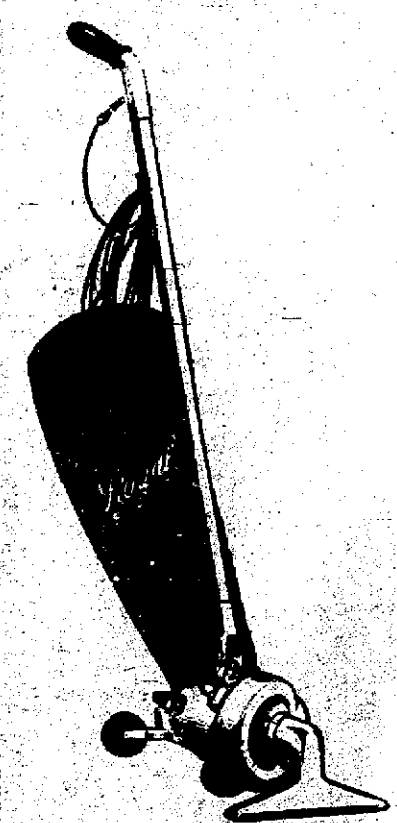

With a Royal

The only way to thoroughly clean the rugs in your home is by powerful air suction, scientifically applied, as by the Royal Electric Cleaner.

Royal thoroughly flushes your rugs with pure air, drawing it through from beneath, removing completely all dirt, grit and grime.

Royal brings cleanliness to every part of the house—it cleans the cement floor of the basement—the linoleum of the kitchen—and when used with its attachment, curtains, hangings, bedding, closed clothing. But remember, you must have a Royal to clean thoroughly, because the Royal scientific principle of cleaning by air alone is the only sure method.

We can prove to you—in your own home—that the Royal is the best Electric Cleaner and you are not obligated in any way by letting us make this demonstration.

of all. There is no restaurant that we know of which gives our class of service and charges so moderately for it. And yet we want to emphasize quality rather than low prices. Test our good cookery.

JORDAN'S

PENN STATE THESPIANS IN "MAGAZINE COVER GIRL"

The Thespian Club of Penn State will present at the Pennsylvania Railroad Y. M. C. A., Tyrone, on May 21, "The Magazine Cover Girl," their musical comedy offering for the 1923-1924 season. In years gone by the Thespian Club have shown in Tyrone and they welcome once more a return engagement.

For twenty-eight successive years Penn State has pointed with pride to her oldest campus organization—The Thespian Club. Each season it has been the custom of that organization to present one musical comedy a year and behind them is a long line of illustrious successes. This year marks the realization of the fondest of Thespian hopes. It is the climax of their dramatic expressions. It has always been the desire of the club to present a student show with student music, student staging, student effects. Never before has the club felt equal to the task until this season. A substantial prize was offered last fall to any student or alumnus of the college who submitted a suitable vehicle for their talent this season. "The Magazine Cover Girl" was chosen from the best of scripts submitted, and it has proved itself all that it

promised in the beginning. It was written by Robert B. Voskamp of Pittsburgh, a junior in the course of Commerce and Finance. The music is a collaboration between Hummel Fishburn, Penn State 1921, and Assistant Dean of Men on the campus at the present time and D. L. Auchbach of the senior class. It is a very clever book and the music is tuneful from the very opening number to the curtain.

The play was given first in State College before Easter with great success. It played to a capacity house and its praises ran rampant on the campus. On May first the show was presented in Greensburg before an appreciative audience as well and on May third it was given for two performances in the Schenley Theatre in Pittsburgh. Critics there adjudged it easily the best amateur show that has been on their board this season. After the Tyrone showing "The Magazine Cover Girl" will again be given in State College as one of the features of Commencement week.

HUSBAND SAID WHY NOT TRY IT

Wife Said She Would. Result,
Lydia E. Pinkham's Vegetable
Compound Made Her
Well and Strong

East Hardwick, Vt.—"Last winter I was not able to do any work at all. I had backache, headache, side ache, and was sick all the time for six months. We read about Lydia E. Pinkham's Vegetable Compound in the newspapers, and my husband said to me, 'Why don't you try it?' So I said I would, and he went and got me a dozen bottles. It has done me more good than I can ever tell, and my friends say, 'What have you done to yourself? You look so well. I tell them it is the Vegetable Compound that makes me so well and strong. There is no use to suffer with backache and pains. I will tell every one what it has done for me.'"

—Mrs. FRED. PRIMO, Route No. 2, East Hardwick, Vermont.
Housewives make a great mistake in allowing themselves to become so ill that it is well-nigh impossible for them to attend to their household duties. In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.

"YOU'D NEVER KNOW SHE WAS MARRIED"

—said Mrs. Patterson, discussing young Mrs. Bowen. "Movies, plays, concerts, dances—she seems to have time for everything. I don't see how she does it, if you ask me."

But Mrs. Bowen's method is very simple. She just uses every modern help to make housework easier. And of course that includes our finest of laundry services. Everything beautifully washed and exquisitely ironed, and Mrs. Bowen gains a new day every week.

Our service will help you, too. Just phone today—and we will do everything else.

Hot Water Drinking.
A stomach cleansing treatment is often just as important as a rest for the organ, says Wm. Eastman in Physical Culture. The best ordinary method of stomach cleansing is the drinking of a considerable amount of hot water. Not too hot. Just hot enough so that you can drink it with fair rapidity and take a considerable amount into the stomach in a short time. If you will drink a cup of hot water every five minutes until two quarts or more have been consumed, the result will be unfailing.

He Was a Boy.
Little George was getting ready for school one day, when it was just about to rain. He was told to take his umbrella with him. He didn't like the idea, and after awhile replied, "Not for mine; that's too womanish."
